Dear All,

WOW! I do wish I could adequately describe to you the thrill I received when I opened your fantastic gift to me on the occasion of the Coral/Balmoral reunion in Canberra.

To say that I was extremely flattered would be a gross understatement. I feel very humble to even think that your Regiment accepted me as one of its own. I saw the work your members did both in Vietnam and back in Australia and I was merely a Chaplain on the outskirts of the work SO I had every reason to be flattered by your wonderful gift and acceptance into your ranks.

May the present members of 12 Field Regiment come to realise the greatness of their predecessors and live up to the reputation they gained for the Regiment. I have every confidence that they will.

Yours sincerely

J F Tinkler
